Description

Trans Edge Heavy Duty Stair Edgings

A range of heavy duty aluminium stair edgings incorporating extremely durable slip-resistant insert materials for internal or external use. The ideal choice for specification in areas such as foot bridges, railway stations and airports, sports stadia, outdoor arenas and heavy industry.

As with all Gradus stair edgings they help to meet the guidance in BS8300:2009+A1:2010, Approved Document M of the Building Regulations 2000 and help to achieve an inclusive environment for all in line with the Equality Act 2010.
