

# Boulevard 6000

Uniclass L5361/2: P7104
CI/SfB (43) Tn6

## Product information:

A tufted cut pile high performance barrier carpet incorporating a heavy scraper fibre for optimum dirt removal and excellent moisture retention properties in the most demanding environments.

Barrier carpet provides an effective solution to reducing maintenance costs on surrounding floorcoverings and helps minimise the risk of slip on hard floor finishes. It can also, when maintained correctly, help protect the appearance of surrounding floorcoverings throughout their life.

Often used in conjunction with a primary entrance mat and in some situations can be used as stand-alone matting in entrances and access points. It is also ideal for use in all areas of a building, particularly those at greatest risk of damage from tracked through soil and moisture e.g. reception areas, staircases, lifts, canteen areas, service points etc.

Designed to complement Esplanade Plus and Access primary barrier matting.

## Warranties:

10 year wear warranty  
Full warranty details available on request

Environmental Profiles  
ENP 399cf

### BRE Global (BREEAM):

'A+' Retail replacement by fashion (tile)
