

stairtec™ FL

**STAIRTEC FL** is a technical rounded off stair nosing profile with particular decorative design which helps create a very distinctive feature edge finish to the stair case. The vertical edge trim helps cover cutting imperfections as well to blend into other possible future covering material of the stairs. It truly looks like a “special piece” edge finish yet it is solid and long lasting. Its top grooved surface gives the stair the sufficient safety feature. This profile is suitable for both domestic and commercial environments.

Illustrated scale dimension 1:1  
(FL 80\*)

Note: Stainless steel version has a slightly different section

#### STAIRTEC FL-O\* Extruded Brass

This brass profile is developed with prime choice raw material in order to guarantee the tolerance and endurance to chemical and mechanical solicitations. It is primarily applied on both indoor and outdoor floors and can bear intense transit areas as well as for detailing elegant residential coverings. Through contact with moisture or corrosive media, brass may oxidize on exposed surfaces. This situation can be easily solved by buffing the product with a conventional polisher to return to its original shine. Available in natural brass (ON) or polished brass (OL).

	H=mm		Art.	
Material: Extruded brass	8	FL	80	ON/OL
	10	FL	100	ON/OL
	12,5	FL	125	ON/OL
Finish: Natural (ON), Polished (OL)				
Length: 2,70 metres				

#### STAIRTEC FL-AS Extruded Anodized Aluminium Silver

This profile has a silver coating and is suitable for both indoor or outdoor application with high tolerance to weather agents but less to mechanical impact and abrasion. During installation, excess adhesive and grout should be removed immediately to avoid stains.

Material: Extruded anodised aluminium	8*	FL	80	AS
	10*	FL	100	AS
	12,5*	FL	125	AS
Finish: Silver (AS)				
Length: 2,70 metres				
End caps: FLT* IS
