

Profiles in Stainless Steel and Brass with a round section which can be used also as joining edges to the steps of the staircase. Ideal to contour the tiled steps, they perfectly protect the corner edge. Conceived for most domestic and commercial stair coverings purposes. End caps and special pieces available for a perfect job.

RoundJolly RJ-IL Stainless Steel AISI 304 DIN 1.4301 / AISI 316 DIN 1.4401

Stainless steel ensures excellent resistance to corrosion, so it is ideal in the food, chemical and hospital areas.

The choice of AISI 316 as standard is suggested for marine environments and in case of exposition to harsher chemical agents.

Round End caps RJC/I

RJC: External end caps

RJI: Internal end caps

ROUNDTEC RD-ON Extruded brass

Due to the natural properties of brass, it ensures a high tolerance to mechanical impacts and in areas subject to chemical presence. It still contributes to maintain an elegant finish to the coverings applied.

Available in natural brass (ON) or polished brass (OL).
